

# Do you.....

like to grow herbs, but don't know what to do with them?

want to learn more about incorporating herbs into your healthy lifestyle?

enjoy meeting and socializing with other herbal enthusiasts, learning how to grow, propagate and use herbs?

**Then, the Northern California Unit of The Herb Society of America might be just for you.**

NCU members are dedicated to promoting the knowledge and joy of growing herbs and using them in cooking, crafts and health. This knowledge is shared with the public through educational events and activities.

Library: NCU members can borrow from a large variety of Herb related books and magazines.
